

BOARD CALLED BY RORER JAMES TO MEET ON MONDAY

penalty hours, and all were given commendation for their work. The new battalion organization shows a marked degree of military efficiency, and the parade of yesterday afternoon was one of the best of the year; the lines of all four of the companies could not have been improved upon. The cadets seem to feel the responsibility resting on them to uphold the high military standard of the institute, and they are working together with a spirit which, in the end, will overcome all obstacles.

In the orders of last night Colonel Gleeves stated:

"The commandant has every reason to feel certain that the battalion though reduced in numbers, will show greater efficiency at the War Department inspection in April than it has ever done before, and greater efficiency than if the ranks had remained full."

"He also has every reason to feel certain that the remaining four months will be the pleasantest ones of the year to all cadets and officers; the contentment and general comfort will be maintained absolutely on good will, harmony, team work, smoothness and freedom from friction in the daily round of duties. With every one determined to meet his obligations fully, and with every one de-

termined to assist in the smooth reign of affairs, the maximum of military efficiency can be reached, and the maximum of personal contentment and comfort can be obtained from cadet life. Let the effort of all be directed to these two ends, and results will speak for themselves.

The report circulated to the effect that the cadets of the first and second classes are in sympathy with the dismissed men is declared to be without foundation. At no time have the members of either of these classes exhibited the slightest sympathy for the deeds of the mutineers. Of course, personally there is still a feeling of friendship for the former cadets, but that there is anything further, than this is a mistake.

The last of the dismissed cadets left Lexington this morning. All seem to realize now that they were thoughtless and hasty, and there are few, if any, who do not regret the whole occurrence. Notwithstanding the fact that General Nichols has been deluged with telegrams, letters and applications for reinstatement from the dismissed ex-cadets, he is determined to do all in his power to prevent their reinstatement. It is safe to say that none of the men will be allowed to return to the institute this year, at any rate, and it is hardly probable that any of those dismissed on Monday will ever be reinstated.

COSTS HER BOTH FEET

Girl's Determination to Come to America Ends Disastrously.

New York, Feb. 23.—Teresa Sabot's determination to reach America crippled her for life. She lies in a Hoboken hospital with both of her feet amputated in almost hysterical fear that the immigration authorities are going to send her back to her native Poland. In order to leave it she walked eighteen miles through ice and snow to Warsaw to get a boat for Bremen, whence she came to New York. A few days out she discovered that her feet had been frozen, and the case was so serious when she arrived here that the surgeons decided that amputation was the only way to save her life.

She recovered, and hopes that friends and relatives, who she claims live in a Pennsylvania town, will send her the immigration officials to let her stay in this country.

SCHOOL TEACHERS MEET.

Annual Convention in Clifton Forge—Fire Causes \$4,000 Loss.

[Special to The Times-Dispatch.]

Clifton Forge, Va., Feb. 23.—The public school teachers and school officials of the Tenth Congressional District convened here this afternoon in annual session, an attendance of nearly 200. Important educators from many parts of the state are present, and are on the program for addresses. The meetings were held in Central Methodist Church, and at tonight's session addresses of welcome were delivered by well known citizens. All the delegates, teachers and visitors are being entertained in the homes of the people.

George Johnson, colored, who escaped from the jail in Covington eight years ago, was lodged in that institution today by an officer from West Virginia, who arrested him at his home in the West. Johnson was waiting to be taken to the penitentiary to serve a sentence for highway robbery, when he escaped. At the same time, a white man named John Crawford, waiting trial for double murder, also escaped, and is still at large.

At an early hour this morning the freight car alrabe sheds and contents, adjoining the Chesapeake and Ohio shops in this city, were destroyed by fire, causing a loss of \$4,000. The origin of the fire remains a mystery. Judge George K. Anderson has returned home, and is expected to return to his home in Little Rock, Ark., for his health. His condition is improved and he will now take up his work in this judicial district.

CONDUCTOR HURT

Arm Badly Lacerated While at Work in Yard.

While shifting freight cars in the Southern yards early this morning Conductor E. Wilkinson was struck by a train and thrown some distance along the track. One of his arms was literally stripped off the flesh down to the bone, and he was severely injured about the head. Though suffering greatly from his wounds, Mr. Wilkinson refused to leave his post, and remained until another man was called to take his place.

The ambulance, in charge of Dr. Turman, was called, and the man was treated. His arm, besides being horribly lacerated, was filled with grit and clinders, and it was impossible to see how dangerous the wound was. He was taken to the Retreat for the Sick, where it is expected that the arm will be saved. The injury to his head is not considered serious. Mr. Wilkinson lives at Drewry's Mansion, near Stop No. 3, on the Petersburg electric line.

NATIONAL EDUCATORS' MEETING IN MOBILE.

Mobile, Ala., Feb. 23.—With 1,500 delegates in attendance, representing practically every section of the United States, the first session of the convention of the Department of Superintendence, National Educational Association, was called to order at the Lyric Theatre to-day. The first formal address was delivered by Hon. F. Wilkinson, State Superintendent of Schools for Alabama, his address being "A Message of Achievement From the South," in which he reviewed the progress of education since the days of the Civil War.

Joseph M. Gwinn, superintendent of schools of New Orleans, spoke on "The South: The Ideals of the People," and Lawson B. Evans, superintendent of schools of Augusta, Ga., whose subject was "The South: The Glory of its Children."

The preliminary report of the uniform report and record committee made four recommendations embracing the adoption of the definitions and terms used by the United States Census Bureau and the Bureau of Education for reporting all data by States, supplementing such other data as the individual States may require; that all facts of educational interest tabulated by the United States Bureau of Education be fully and uniformly reported by the States; that the reports of States cover the same scope as covered by the Bureau of Education.

JEWES ARE DRIVEN FROM THEIR HOMES BY POLICE.

St. Petersburg, February 23.—Governor Maklakoff has begun a widespread expulsion of the Jews from the province of Tchernigov, a government in Little Russia. Two hundred and nineteen families in one district, including wealthy land owners and manufacturers, were marched through heavy snowdrifts. Notwithstanding the intense cold, the police opened the doors and windows of their houses and drove them into the streets, and thence to the outskirts of the district, to be conducted out of the province.

NO VERBAL TILT, BUT REAL FIGHT ON HOUSE FLOOR

The United States at large, you would soon turn up your political toes." It was soon after this colloquy that the scuffle occurred.

When the excitement was over a member of the Kentucky delegation made the informal remark that this was one occasion when "hot Southern blood" was not involved. Alaska, he declared, was the coldest place on earth, and Wyoming "about next best."

FARMER ENDS HIS LIFE

Thought He Owed Money, and People Would Not Let Him Pay.

[Special to The Times-Dispatch.]

Durham, N. C., February 23.—Because he thought that he owed every body in the world large sums of money and nobody would let him pay them, W. D. Pace, a well-known and prosperous farmer of near Kittrell, Vance county, went to his barn early yesterday morning, placed a plow line about his neck, tied it to one of the timbers in the roof and jumped off the feed cutter. His family found him dead several hours later.

Mr. Pace had been mentally unbalanced for some time. He was the father of C. H. Pace, of this city. Mr. Pace received a message yesterday from Kittrell announcing the death of his father, but no details were given. This morning a telephone message from Kittrell gave the details of the peculiar suicide. He is survived by his wife and several children.

Mr. Woolley Speaks To-Night.

Under the auspices of the Women's Christian Temperance League of America, John Woolley, of Honolulu, a well-known orator, will speak to-night at 8 o'clock in the Seventh Street Christian Church.

Governor Mann, Rev. H. D. C. MacLachlan, Rev. H. P. Atkins, Rev. D. McAllister, Rev. Thomas Semmes, Rev. F. T. McFadden, D. D., and Rev. W. C. James, D. D., will be guests of the league and occupy seats upon the platform. The lecture will be open to the public.

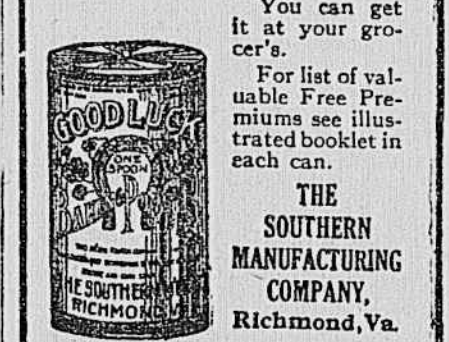

Sunday Baseball Is Legal.

Indianapolis, Ind., February 23.—Sunday baseball in Indiana was declared legal in a decision handed down by the Supreme Court of the State today. Two years ago the State passed a law allowing baseball on Sunday, but it was made void by a suit against Charles Carr, the manager of the Indianapolis American Association League team. The case was carried to the Indiana Supreme Court, which today declared the law constitutional.

A Hot Dish for a Cold Day

It is not easy to warm a poorly nourished body. Heat and strength do not come from overcoats or flannels. Bodily warmth and vigor come from foods that are rich in blood-making, tissue-building material. Fuel for the human engine should be free from "clinkers." You can't "get up steam" in winter on impoverished foods.

SHREDDED WHEAT BISCUIT

is all fuel-food—no waste, no indigestible material to clog the system and tax the vitality. Shredded Wheat is made of perfect whole grains of wheat steam-cooked, shredded and baked. Two Shredded Wheat Biscuits, heated in the oven and served with hot milk and a little cream, for breakfast, will supply all the heat and strength needed for a half day's work. Not "pre-digested," but "ready-to-digest"—not compounded, flavored or "treated" with anything—just plain, whole wheat, steam-cooked, shredded and baked a crisp, golden brown. Being made in biscuit form it also makes delicious combinations with baked apples, stewed prunes or other fruits, fresh or preserved. Your grocer sells it.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.

While at breakfast several days ago in their home at 1206 Bainbridge Street, six members of F. H. Fitzgerald's family—Mrs. Fitzgerald, Misses Gerald and Liza Fitzgerald, Misses Carr, and Fitzgerald—were stricken deathly ill from the poisonous effects of something in the food. The six are out of danger now, after being treated by two physicians.

A careful examination of the various articles of food on the table led to the conclusion that the poisoning was due to some impurity in the meal used in a dish of butterbread. The fact that the people seated at the table, the daughter, Marion, was the only one to escape illness, and likewise points strongly to this belief. It is known that she partook of every other article on the table, and as the milk and eggs used in making the butterbread were in the make-up of other dishes of which Marion ate, suspicion points to the meal, the only other ingredient in the butterbread, as the harmful article.

Within fifteen minutes, the six people were seized with the most violent pains, which continued for several hours. Drs. E. G. Hill and T. D. Jones were sent for hurriedly and employed emergency methods. They declared the danger mark to be passed when they arrived, but the patients were not allowed to leave their beds until the following day. The butterbread has been sent to chemist for analysis.

Building New Store.

Ground was broken yesterday for the new furniture store of Brown & Co., at the corner of Sixteenth and Hull Streets. The building is to be a large, roomy and modern in every detail. The store, which will be of brick, will front forty feet on Hull Street, and will run back 130 feet on Sixth Street.

Since the preliminary step has been taken it is expected that the building will be ready for occupation within the next six weeks, and a large force of builders will be kept on the job. When completed, it will be an address added to the Hull Street mercantile district.

To Hear Damage Suit.

When the Hustings Court, Part II, convenes this morning it will hear a hearing of the \$3,000 damage suit brought by Price against the Virginia Railway and Power Company for injuries received last summer when his automobile was caught between two cars on West Seventh Street. The jury will probably be kept at the courthouse all day by the hearing.

Judge Wells, of the Hustings Court, Part II, was engaged yesterday in the consideration of several small chancery cases.

The regular session of the Oak Grove court will be called this morning by Magistrate Cheatham in the Oak Grove courthouse. As there are no criminal cases to be tried, civil matters will compose the entire docket. A special session of the Oak Grove court has been called by Magistrate Cheatham for this afternoon at 3 o'clock, in order to hear the evidence in the case of the man charged with peddling in the Southside without a license. The extra session is necessary because no accommodation is afforded by the Oak Grove courthouse for the many women who are to testify in the hearing.

In Police Court.

The negro Hollies, charged with assaulting Fred Hobson, colored, was fined \$5 and costs in the Police Court, Part II, yesterday morning. Henrietta Hobson, the mother of Fred, was dismissed on the charge of assaulting McGiles.

Julian Hobson, colored, had to pay \$5 and costs for assaulting Nellie Staples, colored.

A penalty of \$5 and costs was inflicted on Willie Harris, colored, on the charge of threatening and abusing his wife.

Joseph Johns, colored, who ran a smooch bunc game, was sent to jail by Justice Maurice yesterday. The specific charge against Johns was the theft of several chairs from the residence of Mrs. W. H. Owens, which was accomplished by going to her door, asking for chairs that needed mending, and then pawing the chairs and disappearing.

New Police Quarters.

It is now expected that the new Police Court and police station on the corner of Fourteenth and Stockton Streets, will be completed by March 15, just in time for the additional policemen that have been promised the ward from the thirty new men recently authorized by the Council. There are floors and windows to be swung, cement flooring to be finished and all the plastering to be applied before the building will be ready for occupation.

occasion will call Saturday afternoon, February 25.

G. W. Blankenship, of 512 West Thirteenth Street, deputy constable of the city of Richmond, is recovering from the attack of illness that has confined him to his home.

Mrs. J. Winston Jones, of 803 Semmes Street, is recovering from her recent illness.

QUESTION NOT DETERMINED.

City and County May Each Have Executive Committee.

[Special to The Times-Dispatch.]

Suffolk, Va., February 23.—Since Suffolk was made a city the question has arisen as to whether there will be two Democratic executive committees, one for the county and another for the city. County Chairman R. S. Boykin and County Secretary P. L. Prudden this afternoon called a meeting of the committee for March 4, the committee being asked to be present with an opinion as to whether they should have one or two committees. This question is quite important from a political standpoint. As many as twenty officials of the city and county would be affected, provided it were decided only one committee should serve for the whole. If they agree that only city offices are affected by the committee's decision, twelve offices would be governed.

Condition Is Critical.

Winston-Salem, N. C., February 23.—A long-distance telephone message from Yadkin county this afternoon brought the information that the condition of Elder Gregory, one of the brothers carved up by Moses Speaks, while arresting the white murderer on Monday night, is critical, and he is not expected to live. Doctors say the blade of the butcher knife used by Speaks cut a gash in one of Gregory's kidneys.

DAVY CROCKETT WILL MANAGE BRISTOL BASEBALL CLUB

[Special to The Times-Dispatch.]

Bristol, Va., February 23.—Davy Crockett, of Roanoke, has been secured to manage the Bristol baseball team during the coming season of the South-eastern League. Bristol now being one of the six teams that compose that league. The other teams represent Asheville, N. C., and Johnson City, Morristown, Knoxville and Cleveland, Tenn.

Murder in Goldsboro.

[Special to The Times-Dispatch.]

Goldsboro, N. C., February 23.—Camille Pruett, a white woman, was shot and killed early this afternoon by Toccoe Rivenbark, also white. The shooting occurred at the woman's home. Rivenbark made no attempt to escape. He will be given a preliminary hearing to-morrow morning.
